Here's what our customers have said :

I enjoyed the whole day - the time flew past so it must have been good!

I thought the course was well structured with time given to chipping, pitching & bunker play. The instruction in the participants was well catered for and everyone was very involved. We all enjoyed the instruction and could see how we could improve with practice. A good lunch too.

Yes well worth it - what's next?

Sue.

I can honestly say that this was the best single piece of golf tuition I have ever experienced.

Covering the 3 key parts of the short game in manageable chunks but having that extra time to question, clarify and learn really helped it sink in.

It was also great, great fun!

Thanks.

Paul.
